Dear Vincent, Rohan, Quentin, Graeme, and Elizabeth:

It was a pleasure to hear your presentation at our meeting last week. Elizabeth, I'm sorry that you were not able to be present too.

It is clear that you have all worked very hard, and this was reflected in your knowledge and all the details you shared with us. It was interesting, educational, and relevant, and you have made an invaluable impact and contribution on our community. You epitomize and define what it means to make a positive difference and I value and appreciate what you have accomplished

You are excellent role models for young people and an inspiration to everyone. I wish you continued success and I hope that you win the Lexus Landfill Challenge - you have already won my admiration and respect, as well as that of the Board of Aldermen.

Warm regards,

Lydia E. Lavelle  
Mayor
